Assignment -4

Python Programming

Assignment Date	26 October 2022	
Student Name	Shyam K	
Student Roll Number	917719IT092	
Maximum Marks	2 Marks	

Question-1:

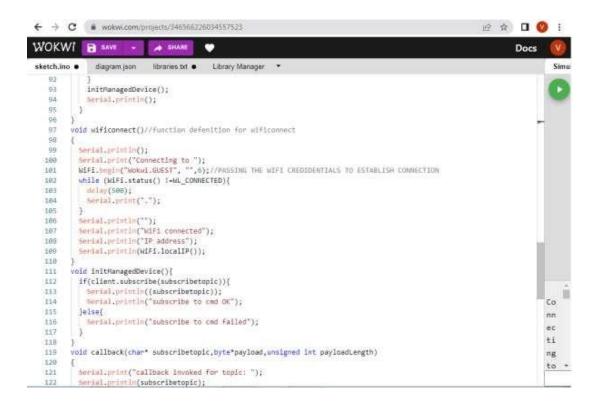

Write code and connections in wokwi for ultrasonic sensor.

Whenever distance is less than 100 cms send "alert" to ibm cloud and display in device recent events.

Upload document with wokwi share link and images of ibm cloud.

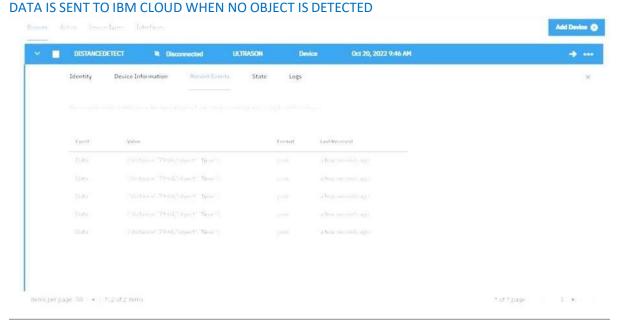

Solution:

```
← → C @ wokwi.com/projects/346566226034557523
                                                                                                                                           8 * O O I
